

Clothesline 20m, steel and polypropylene core with tensioner

This 20m long clothesline is very strong because we use a steel wire that we reinforce by plasticizing it. This clothesline can therefore be used and left outside without any fear for many years. The clothesline is equipped with a tensioner to adjust its size.

EAN	3 701 209 301 437
HS CODE	73121041
ORIGIN	Poland
REF INTERNAL	930143
COLOURS	green or grey
