Our quality commitments

POL'HOP is proud to be part of the **CITEO/ECO-EMBALLAGES** by contributing financially to the program for the recovery of household waste and packaging. In addition, we adopt the **TRIMAN** logo on our packaging to encourage consumers to recycle. We are also a member of **COFREET** by putting up care symbols on our textiles to guide you.

An assortment of colors

In order to ensure better visibility in the stores, our long-handled foldable dustpan **930050** will soon be available in our two colors in the same box: one gray and one green, both with a silver-grey foldable handle. Take a look at the preview of the future product design.

A wood of absolute quality

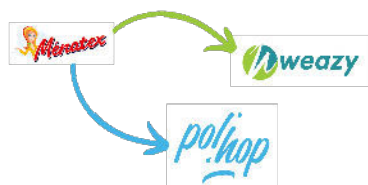

Due to global shortages, we had to modify the essence of our **930110** handle by offering you Virola. Even if solidity was the same, we are now back in 100% pine. Pine combines strength and beauty (non-ribbed wood). The handle is also equipped with a plastic sleeve and a suspension end cap, both red.

Zuchex

Like last year, we will be present with our subsidiary **FANCY HOME** at the **ZUCHEX** home & kitchenwares fair which will take place from September 14 to 17, 2023. This is an opportunity to meet us and be able to discuss around the most important trade fair in Türkiye.

Ménatex

Our **MENATEX** microfiber cleaning textiles will gradually evolve in the catalog. The aim is to offer fast-moving products under our **POL'HOP** brand, 100% sourced from our factories in Europe, and under our other brand **WEAZY** for technical items, manufactured by our Turkish factory.

Product upgrade

For better in-store presentation and to allow you to hang our **CONFORT toilet** set **930137** on a display, the tag of this product is evolving. This will allow you to combine the brush and the base.

Hurry up!

Our 2nd quarter **sales** are still available. It's the last month to take advantage of it!

Do not hesitate ! Our website is at your disposal. Better yet, you can contact us by email or phone. We will be happy to help you find the ideal product.

Logistics

The changes concerning transport and more generally logistics forces us to change our GCS from **July 1, 2023**, at the same time as the edition of our new order form and the launch of our new sales.
